

Light, Sound, & Video Technician

The Light, Sound and Video Technician Academy is a program designed to provide graduating students with technical experiences in light and sound reproduction for performance enhancement for large or small group audiences. The combination of skills gained through this training is highly transferable to technical jobs in many venues.

Business and Industry Experiences

Students in the Light, Sound and Video Academy will participate in technical support at BHS Auditorium or Sanford Center as deemed appropriate. Students may have job shadowing experience with technical support staff at BHS, Sanford Center or Nlfx.

Post-Secondary Programs

Upon successful completion of the Light, Sound and Video Academy, the student may be encouraged to apply for admission to Blackbeard Academy, Nashville, TN for further study
